ABOUT US

Chikara Enterprises Private Limited stands as a beacon of innovation and reliability in the realm of lighting solutions since its inception in 2016. Renowned for our unwavering commitment to quality and service excellence, we have swiftly emerged as one of the foremost providers of cutting-edge lighting technology in India.

Specializing in an array of superior products, including Solar Street Lights, AC Street Lights, Octagonal Poles, Tubular Poles, and Solar Power Plant Structures, we cater to diverse needs with precision and finesse. Our meticulously crafted products exemplify durability, efficiency, and sustainability, reflecting our dedication to environmental stewardship.

At the heart of our operations lies a dynamic core team, endowed with unparalleled expertise in solar technology and project development. From off-grid solar home systems to large-scale grid-connected plants, our comprehensive range of offerings epitomizes versatility and adaptability.

The cornerstone of our philosophy lies in the utilization of solar energy to illuminate streets, roads, and remote areas, thereby fostering safer, more vibrant communities. With an unwavering commitment to reducing pollution and minimizing maintenance, our street lights offer unparalleled efficiency and cost savings, ushering in a new era of sustainable illumination.

At Chikara Enterprises Private Limited, we don't just provide lighting solutions; we illuminate pathways towards a brighter, more sustainable tomorrow. Join us in our journey towards a greener future, where innovation meets responsibility, and every step forward brings us closer to a world powered by the sun.
